### **VIDEO AVAILABLE FOR ALL SALE ANIMALS**

#### **Buyers Unable to Attend Sight Unseen Purchase Plan**

Simplify your selection process by giving us a call today. You know what you want in your breeding animals, we know best the potential of the females selling and will easily be able to satisfy your specific needs. Our experience over the past years is that the sooner you contact us, the better we will be able to match your expectations. Either Lee or any one of our capable sales representatives will make the purchase as if buying for themselves.

**All purchase made in this manner will be 100% guaranteed for customer satisfaction**

**Terms of Sale:** Cash or cheque at par, payable to clerks of the sale on sale day, unless other previous arrangements are made with LLB. No release of cattle will be given until satisfactory settlement has been made. All cattle are buyers responsibility after purchase. Announcements from the block on sale day take precedence over all material printed in this catalogue.

*All persons who attend this sale do so at their own risk, and the owners, sale management and sale staff assume no liability, legal or otherwise, for property loss or any accidents that may occur.*

**Breeder's Guarantee:** All cattle sell with the responsible Breeder's Guarantee of Satisfaction. All yearling heifers are guaranteed breeders. The seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in this sale.

All animals sell under the Terms & Conditions set forth by the Canadian Angus Association.

**Insurance:** Insurance representatives will be present sale day

## Junior Support Program

We are offering any junior breeder a 10% discount off the purchase price of any female purchased at LLB. Our intention is to help enthusiastic young breeders with their initial Angus projects.

*Welcome to our 2016 Angus Opportunity Female sale. As always we appreciate your continued support of our breeding program. We truly value our customers, they have allowed us to do what we enjoy most – making a livelihood from breeding elite Angus cattle.*

*For those not familiar with our program, we have been developing our Angus herd for over 45 years. We have seen many fads come and go in the cattle business, and our breeding philosophy is based on long-term experience: acquire the best herd sires, select for performance traits, growth, and thickness; all the while maintaining structural soundness and strong maternal traits. Like most commercial operations, our 900+ head cow herd is managed in large groups. Calves are turned out with their mothers in breeding pastures as soon as grass is available; and they are allowed to grow and develop without extra attention until after weaning. We expect consistency and top productivity, just like our customers. Our objective is to provide breeding females that add value to our customers' herds.*

*Whether you are adding females to your registered herd or you are seeking top commercial replacement females or you are needing show heifer prospects, rest assured the genetics in this offering are the very best and come from the heart of our herd. Some have raised or descend from cow families that have raised our top selling bulls and heifers over the past many years.*

*If you are unable to attend our sale in person, we offer a Sight Unseen Purchase Plan. We have included as much information as possible in this catalogue, and encourage pre-sale viewing of the cattle. Lee would also be happy to assist with sale selections prior to sale day. Please feel free to contact us or any of our capable sales representatives to discuss your needs or questions.*

*Please drop in anytime to view the sale line up. Join us Sunday December 18th for some presale Christmas cheer and we look forward to seeing you December 19th!*

*Lee, Laura & Jackie Brown Trish, Tim, Luke & Wynne Henderson*

Sitz Upward 9309 was purchased from Sitz Angus in Montana, one of the high selling bulls in their 2010 sale. His grand dam is responsible for 65 herd sire sons and his sire is one of the most heralded present day Angus bulls. Sitz Upward 9309 was a very correct, long bodied bull that maintained excellent body condition after heavy service at LLB. Progeny of Upward 9309 were both the top selling heifer and bull sire groups in our past spring sale offerings. A 9309 son produced three of the top 10 weaning weight bulls this fall, including the top weaning weight bull of the entire calf crop. His daughters have produced some of the very best females in this sale offering.

Complete 2142 came to LLB as the high selling bull calf at Thomas Angus Ranch in Oregon in the fall of 2012. He is tremendous son of AI sire Summitcrest Complete, a bull noted for heavy muscled progeny that are extremely structurally correct. The dam of Complete 2142 has been a very successful donor dam for years for the Thomas family. She is responsible for numerous high selling sale bulls including proven ABS AI sire Thomas Up River 1614, a bull that recently sired both the \$85,000 and \$54,000 top selling bulls in the recent Millah Murrah Angus Sale in Australia.

**Owned with Highland Stock Farms and Mike Earley** Marvel 901W has been a tremendous Density son purchased at the Earley Bros Bull Test Sale. His sons are exceptional, several have been retained and are among our most promising young herd sires. Marvel daughters and granddaughters are the featured throughout this sale offering. Without question progeny of Marvel have structural correctness and extra performance, they mature into very functional breeding stock.

**Owned with Nordal Angus** Crescent Creek Chizzlar 10A was one of the top selling bulls from the 2014 Crescent Creek Sale. His weaning, yearling and maternal trait numbers are among the very top reported by the CAA - all the while he has maintained a great calving ease record for both his sons and daughters. The first progeny of Chizzlar were very well received in our spring sale and his daughters in this offering will impress also.

 The sire of LLB 451T Traveler 343Y was the 2008 top selling Remington Cattle Co yearling bull and 343Y was very capably carried on the great 004 influence at LLB. His progeny record moderate birth weights and increased weaning and yearling weight records. A maternal brother to LLB 343Y recorded one of the top weaning weights in the fall of 2015 and was the \$15,000 top selling bull last spring to Atlee Angus. Daughters of and service to this tremendous breeding herd sire are found through this sale offering.

 LLB Old Post 361A has been a stand out since birth, he is exceptionally thick bodied and very correct. The progeny of Old Post 361A are structurally correct, well made individuals that will get better as they mature. His maternal brother was one of the top weaning weight bulls featured in our 2016 spring sale and his maternal sister is the exciting Lot 83 show heifer prospect in this sale. Their dam Echo 116R has a tremendous production record - her sons record a weaning ratio of 109 and her daughters report 105. Note the grand dams of Old Post 361A include Echo 83J, a maternal sister to herd sire Free Wheeler 191N and an ELITE DAM Echo 38N.

 Rivercrest Darkhorse CTTS 2A was LLB's choice of the LLB Darkhorse 328Y sons at the 2014 Spady Sale. Rivercrest Angus purchased LLB Darkhorse 328Y as one of the top selling yearling bulls from our 2012 spring sale. Sons of Darkhorse 2A report a weaning index of 102 and a daughter recorded the top weaning weight of our 2016 calf crop. His daughters and his service are featured throughout this sale offering.

 Gridlock was a very impressive herd sire whose progeny have been consistently among the best born at LLB over the last decade. He has sired the top selling bulls and heifers in our last nine sales, including a \$58,000 top selling yearling bull. Gridlock progeny sold through our production sales have generated over one half million dollars! Again in this sale offering his progeny and his daughters' progeny are stamped with extra depth of body and structural correctness.
